

Join Tech N Rescue Inc. and Make an Impact Today!

At Tech N Rescue Inc. (TNR), we are driven by a mission to advance fire safety, emergency response, and rescue operations through innovative training and community collaboration. As a 501(c)(3) nonprofit organization, our vision is to empower first responders with the skills, tools, and confidence they need to protect lives and create safer communities. Additionally, we strive to make our equipment and resources accessible to communities in need, ensuring no one is left without support in critical situations.

We're reaching out to you because we believe you share our passion for making a difference. Whether your strengths are in volunteering, teaching, responding to emergencies, or supporting us in other ways, there is a place for you at TNR. Below are the various ways you can get involved:

- **Volunteer:** Become a part of our dedicated team as a TNR Volunteer. Volunteers assist with organizing training events, community outreach, behind-the-scenes logistics, and helping with fundraisers or raising funds. Whether you're interested in lending a hand occasionally or regularly, your time and effort make a big impact.
- **Instructor:** If you're a certified firefighter, rescuer, or emergency responder with a passion for teaching, you can become a TNR Instructor. We require our instructors to hold appropriate instructor certifications, ensuring the highest quality of training for our participants. Share your expertise and experience by leading classes in rope rescue, drone operations, or other specialized disciplines. TNR offers hourly compensation for instructors who make our training programs exceptional.
- **Responder:** Join our team of responders to assist in specialized rescue operations, including dive operations, drone deployments, search and rescue, and more. Responders must maintain credentials in their respective disciplines and dedicate themselves to mastering their craft to ensure the safety and success of every mission.
- **Sponsor:** If direct involvement isn't the right fit for you, consider becoming a TNR Sponsor. Your financial support helps us purchase essential training equipment, fund rescue gear, and expand our impact to reach even more communities in need. As a 501(c)(3) nonprofit, all contributions to TNR are tax-deductible, providing you with the opportunity to make a difference while enjoying potential tax benefits. Sponsorship opportunities range from one-time donations to ongoing contributions, and every dollar makes a difference.

Tech N Rescue is committed to teamwork, leadership, and integrity in all that we do. By joining us in any capacity, you will play a pivotal role in advancing emergency response and ensuring that first responders are equipped to face any challenge.

If you're ready to make a difference, please email us at info@technrescue.com to learn more about the opportunities available. Together, we can build safer communities and create a legacy of preparedness.

Thank you for considering joining our mission. We look forward to welcoming you to the TNR family!

Sincerely,

Curtis Seward
President
